The Hollow Crown (Epic Campaign) - Coming to Endor

> [Completed] The Hollow Crown is live on Secura Horizon and Secura Origins. Relaunch the launcher to get the latest files before you try it. See the v1.9.0 Live Update.

What it is

The Hollow Crown is an epic story campaign set on the forest moon of Endor, years after the shield generator fell.

Where	Endor
Level	85 and higher
Group size	Solo adventure
Replay	Played once per character
Endings	Several, shaped by your choices

Your choices matter. They decide how the story ends, and a different road leads to a different ending.

A whisper from the forest

The forest is restless. Something hums beneath the old Imperial ruins, deep and patient, as if the moon itself were holding its breath. The Ewok elders speak quietly of a shared dream, and of a lamp that never goes out.

How to find it

This story is not handed out by a terminal or a board, and it does not start on its own.

> Listen to the rumours around Endor's outposts. Someone is waiting for the right kind of spacer.

Rewards

A unique reward fitting the path you choose.

FAQ

Can I replay it? No. The campaign is played once per character. Your alts can walk a different road.

Can I bring a group? It is designed as a solo story.

Is it on Live? Yes. The Hollow Crown shipped to Live in v1.9.0 and is playable on both galaxies.

Where do I report bugs? Use the usual bug-report channel, and please keep the story's secrets out of public chat so others can enjoy it fresh.

> [NOTE] This page shows a stage only. It is not a schedule and makes no promise of release. SWG Secura is a hobby project and plans can change based on what testing shows.
