Master Elara & Lord Vitiate Conversation Fixes

What's New

> [NOTE] Delivered to the Test server first (Bug #139).

- **Reliable conversation**: Master Elara (Light Side Enclave) and Lord Vitiate (Dark Side Enclave) on Yavin 4 now always respond when you select **Converse**. - **No missed waypoint**: arriving at the enclave and speaking to them advances your quest; you no longer need to hit the narrow exterior waypoint. - **Mission reminders**: if you return mid-assignment (Dantooine or Lok), they remind you of the objectives left. - **Ambient greetings**: visitors not on the questline now get a short greeting instead of silence.

How to Use

Start with the prologue on Yavin 4 near the Mining Outpost. After it concludes you are directed to the Light Side (Jedi) or Dark Side (Sith) Enclave. Right-click the NPC and choose **Converse**.

FAQ and Known Details

I cannot talk to Master Elara. Stand close to her in the main lobby of the Light Side Enclave, then right-click and select **Converse**.
