Make Tradable Radial Option

What's New

[Completed] Special items whose No-Trade flag can be removed (such as the Chronicles Starter Kit) used to show raw placeholder text in their radial menu. That is fixed.

How to Access or Use

1. Right-click (or open the radial menu on) an eligible item in your inventory.
2. Choose **Make Tradable**.
3. You will see the message: "*This item is now tradable.*"

FAQ and Known Details

- **Which items offer this option?** Only items specifically flagged as removable No-Trade. Most items are unaffected.
- **Can I undo it?** No. Once an item is tradable it stays tradable.

> [NOTE] See the **NO TRADE** page in this book for the TCG item changes.
