Jedi Profession Quests

> [Completed] The Jedi profession quests are live on Secura Horizon and Secura Origins. Locations, kill counts and rewards may still change. See the v1.9.0 Live Update.

The Jedi path asks you to prove yourself in the field at three milestones. Each trial sends you to a different part of the galaxy to stop a threat, then back to the **Jedi Watchman** for your reward.

How to Start

Reach a profession milestone and use the **Profession Quest Item** granted to your inventory. Using it starts the matching Jedi trial. This includes the level 30 item, which previously did not start anything and now works.

The Jedi Watchman

The Jedi Watchman waits in **Moenia, Naboo** at (4788, 4174). Speak with the Watchman after each trial to receive your reward.

The Trials

Trial	Level	Where	Targets	Reward
Phase 1	11	Tatooine, near Bestine (-1488, -3916)	Tusken raiders	5,000 combat XP
Phase 2	21	Naboo (5331, -1303)	Naboo pirates	5,000 combat XP
Phase 3	31	Naboo (-2216, -5134)	Darkwalkers	5,000 combat XP

How a trial works

1. Use your Profession Quest Item. The Watchman sends you a message and a waypoint to the hunting ground.
2. Travel to the waypoint and defeat 10 of the listed targets.
3. Only the listed targets count, and only when you defeat them within 250 meters of the marked site. Kills elsewhere do not count.
4. Return to the Jedi Watchman in Moenia to turn in the trial and receive your combat XP.

FAQ

Do the trials need a specific profession? The quest items are given to Jedi characters as they reach the phase milestones.

Can I do them out of order? Each trial is tied to its own milestone item, so you will meet them in order as you progress.

Where are the Sith trials? See Sith Profession Quests.

Is this live? Yes. It shipped to Live in v1.9.0.
