

Resources

- [Resource Surveying](#)
- [Harvester Updates](#)

Resource Surveying

Each survey tool now features all the different stats. No more need to sample the resource to see each stat, view it directly in the tool. Surveying will be much faster and more direct for the resources that you want!

Harvester Updates

- Harvesters now allow you to pull up to 1,000,000 (Million) resources each time from the previous 100,000 max.
- Harvesters now share admin privileges with all characters on the same account.
