

Quest 3: The Northern Front

(Level 37)

Storyline: The Rogue CorSec operation size requires an assault on the secluded Kor Vella mountain range. Captain Baize orders the player into the snowy pass to clear out the outer patrols while CorSec loyalists establish a perimeter. Entering the pass, the player intercepts a broadcast proving the rogues are entirely fortified inside an abandoned Smuggler's Cave.

The player battles through deeply entrenched Rogue Corsec officers (corsec_traitor & corsec_rogue). Arriving at the cave entrance, the player secures a ledger confirming all stolen Heavy Arms are located within.

Quest Reward: 10000 Credits, 2000 Combat XP. Tasks: 6 tasks centered around exploration, infiltration, and heavy skirmishes.
