Sith Profession Quests

> [Completed] The levels, locations and kill counts below match what is live on Secura Horizon and Secura Origins. See the v1.9.0 Live Update.

> [NOTE] Earlier versions of this page listed levels 10, 20 and 30 and a Sith Lord; those were out of date.

Peace is a lie. There is only passion. The Sith profession focuses on embracing the Dark Side of the Force, drawing power from anger, hate, and a desire for absolute control. Your trials will lead you down a dark path to prove your supremacy.

How to Start

You can begin your journey by using the **Profession Quest Item** granted to you in your inventory upon reaching the required skill milestones (Phases 1, 2, and 3).

> Kill objectives only count the listed targets, and only when you defeat them within 250 meters of the marked site. Kills made elsewhere do not count.

Phase 1: Trial of Passion - The Gathering Shadow (Level 11)

- **Location:** Tatooine badlands, outlaw camp at (3300, -4700)
- **Objective:** Eliminate 10 desert swoopers and outlaws with your Sith powers and lightsaber, then travel to the Sith Inquisitor.

Phase 2: Trial of Strength - Will of the Conqueror (Level 21)

- **Location:** Corellia, mercenary staging area at (127, 833)
- **Objective:** Strike down 10 rogue mercenaries and gunrunners, then return to the Inquisitor. The site now spawns level 20 and 23 targets.

Phase 3: Trial of Power - Ascension to Supremacy (Level 31)

- **Location:** Corellia, Afarathu Cult stronghold at (182, 1717)
- **Objective:** Execute 10 Afarathu cultists, brutes and followers, then return to the Inquisitor.

The Sith Lord

After completing the objectives for each phase, you must seek out the **Sith Inquisitor**, located in the city of Kor Vella on Corellia (Waypoint: -3400, 3100). Speak with them to receive your reward and acknowledgement of your power. Through power, you gain victory!
